Continuation of 5. does NOT place the application in condition for allowance because: The applicant contends that the limitation of "recessed into the block ceramic material" is not disclosed in the Takei et al. However, the recessed area as interpreted by the examiner is easily seen in Figs.2-27, where an additional hole 43a in the ceramic body of the block. Regarding DeLillo, the primary limitations in view of rejection were considered and the combination is proper.
